

SAN FRANCISCO GIVES WELCOME TO THE PRESIDENT

MANY STARVE IN CHINA.

Women and Children Are Sold By the Stricken People.

Poor Being Driven To Violence To Obtain Food.

VICTORIA, B. C., May 12.—According to mail advices received from South China, hundreds are dying in Kwang Si province as a result of the famine there.

Correspondents writing from several sections say the destitution, suffering and death is appalling.

Whole families are subsisting on a few ounces of rice a day or on roots and leaves. Missionaries are feeding thousands daily.

The famine is causing the rebellion in that province to grow, as the poor are being driven to violence to obtain food.

Women and children are being sold by the famine stricken people.

A Wu Chow correspondent gives details of the capture of one of the rebel leaders who went to Canton to buy arms and ammunition for the rebels.

He dressed as a small military official and arrived in Canton and gave out that he was sent by the Chinese General Yu Chan.

He hired a stern-wheel boat to take his arms and ammunition to Nan Ning and had the Chinese flag flying on it.

He got safely up to Wu Chow, where suspicion was aroused and a telegram was sent to General Yu Chan.

The fraud was then detected. He and his boat were seized several miles above Wu Chow, where he and his business associates were tortured and beheaded.

PITTSBURGH, May 12.—Nearly 5000 delegates and their friends were present in the old city hall today when Grand Chief E. E. Clark, called to order the twenty-ninth biennial convention of the order of Railway Conductors of the United States, Canada and Mexico.

Grand Chief Conductor Clark in his address reviewed the work of the past two years and spoke encouragingly of the prospects of the future.

This evening there will be a public reception in Carnegie Music Hall, when addresses of welcome will be made by the city officials with responses by Grand Chief Conductor Clark and Mrs. J. D. Moore, grand president of the ladies' auxiliary.

M. H. DE YOUNG MAKES THE SPEECH.

Many Thousands of People Witness the Entry of Roosevelt Into San Francisco.

SAN JOSE, Cal., May 12.—President Roosevelt passed the night at Campbell in order to avoid the noise at the depot in this city. He arose refreshed and ate a hearty breakfast. The train arrived here at 8:30 this morning. There was a large crowd of people at the depot and as the train pulled out for Palo Alto the President stood on the platform and waved his hands.

AT STANFORD UNIVERSITY. SAN FRANCISCO, May 12.—President Roosevelt left San Jose at 8:30 this morning on his way to this city. A half hour's ride through orchards and fields brought the train to Palo Alto, site of the Leland Stanford Jr. University. Here the President left his car and was driven up a palm-lined avenue to the famous University Quadrangle, formed by the grouping of all covered buildings in the Mexican style of architecture. Here he was greeted by President David Starr Jordan, the Faculty and assembled students, to whom he delivered a brief address.

After a leisurely inspection of the campus and buildings, including the beautiful Stanford Memorial Church, which he declared was one of the most artistic religious edifices in the world, the President was escorted to his car by the entire college body. Hundreds of residents of Palo Alto and the adjacent country had assembled at the depot, and as the train pulled out, there arose a deafening roar of college bells mingled with the cheers of the populace.

COUNTRY CLUB. Shortly before 12:30 o'clock the Presidential party reached Burlingame, the picturesque home of the Country Club where a stop was made for luncheon. For this event, President Roosevelt was the guest of Henry T. Scott and many prominent citizens of California were present at the informal repast. After a rest under the trees and a stroll about the grounds, the journey was resumed. Milbrae, San Bruno and South San Francisco in succession were passed and at 2:15 p. m. promptly on time, the main depot of the Coast Division of the Southern Pacific at the corner of Third and Townsend streets in this city was reached. The arrival was announced by a Presidential salute fired by the Naval Reserve.

The party was met by the Citizens' Executive Committee, whose president, Francisco J. de la Torre, welcomed the President in the following words:

DE YOUNG'S SPEECH. Mr. President: In the name of the citizens of San Francisco, I extend you a hearty welcome. In the days of old, when our land was owned by the Spaniards, who were noted for their hospitality, when they received a guest, they generally saluted him with the remark, "Our house and all that is in it is yours." We say to you today, Mr. President, our city and all that is in it is

yours' and with it we give you our hearts, and you will have evidence as you pass through our decorated streets, of the hearty sentiment for you that prevails in the bosom of all our citizens. We will try to make your stay with us pleasant, and we hope that when you leave us you will do so, carrying with you the memory of one of the most delightful visits of your trip throughout the West. Mr. President, you are welcome.

BRIEF RESPONSE. To this cordial address of welcome, President Roosevelt made a brief response, expressing his gratification at having reached the metropolis of the Pacific coast. The President and his party were then escorted to carriages and to their places in the military procession.

Already formed under command of Major General MacArthur, U. S. Army, and Major General Dickinson, of the National Guard of California. The line was a long one, including cavalry, infantry, blue jackets from war vessels in the harbor, detachments of the naval reserve and several other semi-military organizations up Third street, one of the most imposing thoroughfares of the city, to Market street, where modern skyscrapers abound, the President passed through a lane lined by thousands of cheering citizens. At Market street the elaborate decorations, the fluttering flags, the swinging wreaths of green and the maze of pendant electric globes at once attracted the President's attention and he expressed his appreciation in hearty terms, of the general effort.

STREETS LINED. The sky was cloudless and probably 200,000 people were on the streets through which the Presidential party passed. On Van Ness avenue the President's carriage halted while the parade passed in review, while the people cheered and innumerable flags were waived.

Immediately after the review, the President will participate in dedicatory exercises of the Young Men's Christian Association building, one of the finest structures of the kind in the United States. After a brief stop at the Press Club, where he will receive the military officers and others at the Palace. In the afternoon he will be the guest of honor at a banquet attended by the citizens of San Francisco for which elaborate preparations have been made.

TALKS TO STUDENTS. STANFORD UNIVERSITY, May 12.—President Roosevelt and party arrived in Palo Alto at 9 o'clock this morning. He was met by Dr. David Starr Jordan, president of the university, and several members of the faculty, who conducted him through a great throng of school children and citizens to Mrs. Stanford's private residence. The party arrived at the university assembly hall at 10 o'clock for the address, accompanied by Dr. Jordan, the entire student body burst forth with six voluminous cheers for "Teddy." This

ROYAL COURT IN HOLYROOD

EDWARD AND QUEEN OPEI THE HISTORIC PILE AFTER EIGHTY YEARS.

EDINBURGH, May 12.—The city of Edinburgh was in holiday attire today and immense crowds of people warmly greeted King Edward and Queen Alexandra as they proceeded from Jalketh Castle to Holyrood Palace, where they held a court and a levee, the first of such functions to be held in the historic palace for over 80 years.

On their arrival at the palace, the King and Queen received a number of public addresses. Presentations to their majesties followed.

MANCHURIA IS OPEN TO TRUST FOREIGN TRAVEL.

MARQUIS ITO, THE JAPANESE STATESMAN.

PEKING, May 12.—The Russian charge, M. Plancon, has given reassurances regarding Manchuria. He has issued an official notice that all Manchuria is open to foreign travel and adds that ports are no longer necessary.

There were 500 Russian soldiers at New Chwang, who were reported about the date fixed for the evacuation and the same number returned to New Chwang. It appears that the Russian forces, which returned to the Liao forts, merely used the forts as temporary resting places while journeying southward to their station on the peninsula.

The United States consul at New Chwang has arrived here to confer with Minister Conger.

FOUND GUILTY.

The Federal Salt Company Will Have to Pay a Fine.

First Conviction Here Under the Anti-Sherman Trust Law.

SAN FRANCISCO, May 12.—Before Judge De Haven in the United States District Court today, the Federal Salt Company, of which D. E. Skinner is president, was convicted of maintaining a monopoly contrary to the Sherman anti-trust law. When the case was opened this morning, Attorney H. B. Wright for the corporation withdrew its original plea of not guilty and pleaded guilty to the first count of the indictment. Judge De Haven will pronounce sentence on Thursday. The maximum fine is \$5000. This case marks the first conviction under the Sherman law which went into effect in 1892.

Last November the attorney-general's office won a civil suit before Judge Morrow against the same company on identical evidence. The successful termination of that suit abolished the contracts the Federal Salt Company held.

The Federal Salt Company was organized in New Jersey in 1900. It established a business in California and quickly secured a monopoly of the product on the coast, raising the price from two and six dollars a ton to \$30 and \$32.

The indictment on which the action of today was based was filed February 28. The other counts of the indictments are similar in substance to that discussed in court today.

One contractor had 400 men at work in places of the strike on the Upper West Side section of the subway in Manhattan today. There were more policemen than laborers guarding the subway and most of them carried night sticks. They had one clash with Italians and quickly routed them.

RECEPTION WILL PROCEED AS SCHEDULED.

It is to be deeply regretted that any display of feeling, save that of enthusiastic hospitality should have interfered with the pleasure of having President Roosevelt with us, but the sudden and unwarranted disturbance of the plans for his reception after the program had all been arranged necessarily provoked disappointment and a sense of injury. Oakland was once before slighted on an occasion of this kind, and the event still remains a sore spot in the memory of many citizens. The memory renders the smart of the disruption of all our well meant plans for giving the President a signal token of our affectionate regard still more poignant. But the best that can be done is to accept the situation gracefully and receive the President as cordially as if nothing had happened. It is realized that it is not his fault, for the knowledge is quite general that we owe our mishap to influences much nearer home—influences which might have been observed the common courtesies even if not responsive to generous emotions. The President will be given a reception as hearty and warm as can be extended during the few minutes of his stay among us, and the public sense of disappointment will not be permitted to temper the warmth of our greeting. Nevertheless, in putting the best face on the matter, Oakland people are making up their minds to make sure in the future against similar disappointments and humiliations. They have the highest regard for the President personally and the utmost respect for his high office, but they reason that the city of Oakland has its own dignity to uphold and its citizens a self respect to maintain. The third city of the State cannot afford to be treated as nothing more than a way station on the map. Its citizens cannot permit themselves to be treated as unworthy of consultation or consideration. According to the final arrangements one hour and a-half is allotted for the President to drive from Berkeley through Oakland to the Broadway Wharf. This will allow a stop of ten

minutes at the High School for President Roosevelt to make a short address. Compare this with the time allotted to Redlands, Santa Barbara, Los Angeles, Monterey and San Jose. The comparison raises the question whether Oakland is a city or an insignificant village.

There is no mistake about our being glad to see the President, and of desiring to give him some evidence of our affection and hospitality; therefore we will do the best we can under the circumstances.

However, Oakland will never again appoint Committees, raise funds, decorate, and arrange a reception program unless given satisfactory assurance that the program and arrangements will be adhered to. With this determination, let the whole matter be dropped for the present out of politeness to the distinguished visitor.

BATTLE FOR A FORTUNE

GRAND LODGE MEETS

BATTLE IN THE CHURCH

Nine Hundred Claim the Estate of Dead Miser.

LOS ANGELES, Cal., May 12.—Litigation for the possession of the fortune left by the old miser, "Charles Hill" or "Salem Charles," who died in Los Angeles in May, 1902, leaving \$142,000 in cash secreted in a safe deposit box at the Union Bank of Savings, was begun today before Judge Wilbur of the Probate Court. Mrs. Gertrude Briggs is the petitioner for probate of a will purporting to have been signed by Charles Hill in Dayton, Ohio, in 1888, leaving his property to her daughter, Gertrude Briggs. Attorneys for Samuel Charles and other members of the Charles family of Boston, of which the dead miser was apparently conclusively proven a member, appeared as contestants to the petition. Among other of the claimants to the fortune, of which about nine hundred appeared before the existence of the estate was made public, was Mrs. Abbie Hill, an alleged widow of the deceased who was represented by counsel.

FLORAL PARADE.

SACRAMENTO PEOPLE MAKE AN EXCELLENT SHOWING AT HOME.

SACRAMENTO, May 12.—Again Sacramento has made manifest its floral wealth. The parade of today was a series of visions which might have been caught from a fairyland dream. The season has been somewhat tardy and as a consequence the flowers were far more hardy than they are when the sun is surging and its rays affect the delicate shadings of the petals.

The streets had been thoroughly cleaned for the parade and bunting of carnival colors was stretched along the fronts of the business houses. Flags were flying everywhere. The schools had declared a season of holidays and the railroad shops had closed down for the afternoon to permit their 3000 workers to view the beautiful pageant. Everybody paid willing homage to winsome Queen Sue and her bevy of pretty girls.

GOES FISHING.

GROVER CLEVELAND WILL NOT TALK POLITICS WITH NEWS-PAPER MEN.

MIDDLE BASS ISLAND, Ohio, May 12.—Ex-President Cleveland and Captain B. P. Lamberton, U. S. N., who recently arrived here to fish, have been joined by several other distinguished visitors. Among those now in the party are ex-Governor Chas. Foster and John U. Lloyd, Cincinnati; J. G. Mitchell, Toledo; Judson Harmon, ex-attorney-general, Cincinnati.

Mr. Cleveland steadfastly refuses to discuss his possible candidacy for the Democratic nomination for President next year and politely informs newspaper men that he is here to fish and not to talk politics.

HE MUST SERVE SIX YEARS IN SAN QUENTIN FOR MURDER.

SAN FRANCISCO, May 12.—John Courtney, a member of the gang of thugs who killed Policeman Robinson on Mission street in January, 1902, and who was convicted of manslaughter in connection with the crime, was sentenced to San Quentin for six years by Judge Cook today.

ROYER GUILTY.

MUST PAY THE PENALTY FOR VIOLATING THE POSTAL LAWS.

SAN FRANCISCO, May 12.—Judge De Haven, of the United States District Court, rendered a decision denying the motion of Charles H. Royer for a new trial and an arrest of judgment. Royer conducted a drug store and branch of the money order postoffice at Washington and Mason streets.

He issued money orders to his creditors to settle his debt, and in that manner secured a shortage in his accounts of \$1240.55.

Good Showing at Annual Session.

SAN FRANCISCO, May 12.—The Grand Lodge of the Independent Order of Odd Fellows of California, opened its session this morning at B'nai B'rith Hall, with an attendance of 650 delegates from all over the State. Three hundred and fifty received the grand lodge degree and the grand lodge was then formally opened.

Grand Master M. G. Gill, presided. The morning was occupied in reading the reports of the officers.

That of the grand master was of a gratifying nature to the members of the order. It showed that Odd Fellowship was making great strides financially and numerically. The net gain in membership during 1902 was 19,171, making a total of 54,038 Odd Fellows in the State. The Rebekah branch also had increased by 1,770. The report of the Grand Trustees showed a balance on hand of \$43,033.63. The grand lodge will continue in session for the week.

SAN FRANCISCO GIVES WELCOME

(Continued From Page 1.)

open familiar hospitality brought forth several of the President's characteristic smiles, which were only increased when the "rooters" gave the Harvard yell, familiar to President Roosevelt in his college days. After the first prolonged cheers had subsided, Carl F. Dittman, '05, president of the Associated Students, welcomed the Chief Executive with a neat speech in behalf of the students. President Jordan followed with a few remarks, which he closed by saying:

"Students, faculty, friends and neighbors of the university, I have the very great honor of introducing the President of the United States and the extreme pleasure of introducing to you a personal friend of mine, whom I have known for many years, Theodore Roosevelt."

The President spoke for little over half an hour, holding the audience of over 200 people in absolute quiet except when broken by outbursts of applause. At the close of the speech the rooters again fairly shook the building with their cheers for the President. From the assembly hall, the party went through memorial court and the inner quadrangle to the memorial church, where they viewed the remains of the President.

Never before have such throngs been seen in the Stanford quadrangle. The remainder of the forenoon was spent in a drive to the interesting points of the university campus, notable among which is the famous El Palo Alto. Stock Farm, where the President took great interest in viewing the grounds and racers that remain. On his trip over the campus, Mr. Roosevelt planted a young redwood tree near the site of the university. At 12 o'clock the President left for Burbank, where the President will lunch at the Burlingame Country Club.

WHAT HE SAID.

"The President first spoke of Stanford University in words of praise, and referred to the fact that President Jordan was an old and valued friend, whose advice he had often sought since he had become President of the United States. He then devoted some time to the benefits of education, if properly applied in life, and outlined his address with a plea for the preservation of the forests. In this latter connection he advocated a revision of the fifth minute covering of cutting out of the provision that tends to the acquisition of large tracts of land for speculative purposes or the leasing of land, which we want good land laws," he said. "We want to see the farmer own his own home; want to see land saved to the children."

The best trained, best educated men in the Pacific slope, Rocky mountain and Great Plain States will take the lead in the preservation of the forests. In the preservation and securing the right use of the waters and in seeing to it that our policy is not twisted from its original purpose, but is perpetuated in the line of the purpose to turn the public domain into farms, each to be the property of the man who actually tills it and makes his home upon it."

SCOTT'S GUEST.

BURLINGAME, Cal., May 12.—President Roosevelt was the guest of Hon. Henry T. Scott at luncheon here this afternoon. His train arrived at 12:15 o'clock, about fifteen minutes ahead of time. Carriages were in waiting and the President and the members of his party were driven to the Burlingame Country Club, where luncheon was served. At 1:35 p. m. the President started for San Francisco.

Fitzgerald entered the Confederate army when he was but 15 years of age and served throughout the period he served as District Attorney of territorial judge of Arizona by President Arthur. Upon coming to California he entered the firm of Silent & Campbell in San Francisco. Since that time Judge Fitzgerald occupied successively the positions of Attorney General, which position Superior Court of this city. Recently he had this city.

PARIS, May 12.—There was a small riot today in a church at Aubervilliers, a village five miles from here.

Father Coube, a prominent Jesuit and author, was announced to deliver a discourse and a large crowd of anti-Clericals made a demonstration against him during which M. Torri, editor of a specialist organ interrupted the speaker.

A pitched fight ensued within the church.

Fists and canes were used and the Abbe was struck in the face with a cane and felled by a blow from a chair. Fifteen of the rioters were arrested.

CHINESE CASES. DEFENDANTS WERE NOT READY TO GO TO TRIAL IN POLICE COURT.

SAN FRANCISCO, May 12.—In the Police Court today the preliminary hearing of the two highlander members of the so-called Chinese Educational Society, Gee Hong On and Lew Ying, who have signed confessions of an alleged conspiracy on the part of the Chinese gamblers and the See Yip Society to murder the members of the Educational Organization were continued for a week. Bail was fixed at \$2500 each.

LIMITS POWER OF LOCAL BOARD

DISTRICT ATTORNEY SAYS THAT EDUCATORS MUST BOW TO STATE BODY.

According to an opinion given today by deputy District Attorney Brown, the County Board of Education will have to submit to the dictation of the State Board in the matter of granting certificates to teachers.

Although there is an apparent conflict in the laws governing the respective powers of the local and State Boards of Education, the Supreme Court has concluded the law as giving the State Board the higher authority of passing upon the credentials of applicants for certificates to teach in the public schools of the State. The decision of the Supreme Court in the matter was handed down in the case of Ethel A. Mitchell against Wimer and others, appealed from San Diego county and reported in the 117th California reports. The decision was rendered in 1897. It was held that the control of the examination of teachers by the County Board does not prescribe the rules by which the qualifications of teachers shall be determined, nor what shall entitle one to a certificate.

The power of prescribing what shall constitute the credentials of an applicant for a certificate to teach is reserved to the State Board. This board has provided that applicants for certificates to teach in the public schools of the State shall be required to show a certain number of hours of pedagogy in the University of California, or some other university of equal standing, excepting that the State Board may give special credentials for experience in teaching, upon which county boards may grant certificates.

The powers of the county boards are thus reduced to the ministerial function of granting certificates under the restrictions imposed by the State Board.

HERRERA'S POSITION.

There is some sort of a hitch in the arrangements for the fight between De Coursey and Herrera at Butte Montana. Local jealousies between the two clubs is supposed to be at the bottom of the trouble. Before the Herrera-Federicks fight took place, De Coursey had issued a challenge to the winner of this event and the other had been accepted, and it was understood by both of them. A report, however, has gone out that Herrera has been matched to fight Kid Brod.

It seems a little difficult to find out just who or what is responsible for the sidetracking of De Coursey.

Billy Lavigne of the Acme Club stated this morning in this connection:

"I don't know what to think of the De Coursey-Herrera match. I thought we had everything all settled and now I see by the papers that Herrera has been matched to fight Kid Brod. De Coursey had his challenge in first and would be a good drawing card. There is some trouble up there, however, between the clubs and I guess two clubs have been pulling different directions. Herrera, and he has been won over by a club that wants to match him against someone else."

LONG TO FIGHT.

Preliminary negotiations are as good as completed for a 20-round go between Louis Long of Oakland and George Baker of San Jose at catch weights. The fight will take place at Vancouver on the 25th of this month.

Billy Lavigne of the Acme Club said this morning in regard to the affair:

"The match is as good as made. There is a little difference between us in regard to transportation up there and back, but I feel sure that this is a little matter of detail which will be settled, and so far as I can see, there is nothing that can stop the match. The men will fight at around 125 pounds. The weight proposition cuts no figure in the fight, as a whole lot of trouble cut out of the arrangements."

MRS. HUGHES AND MRS. HINES WILL ALLOW THEIR CHILDREN TO LOVE ONE ANOTHER.

The infatuation of the young daughter of Mrs. Anna Hughes, a colored lady, living at Nineteenth and Market streets, for the young son of Mrs. L. Hines, also a lady of color, who resides at 1738 Myrtle street, is the cause of much excitement in the colored society of West Oakland, and was the cause of breaking up the evening religious services in the colored Baptist church last Sunday.

Mrs. Hines tips the beam at about 250 pounds, while Mrs. Hughes weighs less than a well-regulated jockey. Both attended religious services last Sunday night and all went well until Mrs. Hughes glared at Mrs. Hines, and Mrs. Hines glared back at Mrs. Hughes. Then they met in the vestibule of the house of worship and Mrs. Hughes, so says Mrs. Hines, caught hold of her jacket. With all the power behind it that a Jeffries could give, Mrs. Hines dealt Mrs. Hughes a blow on the jaw that laid the latter low.

At this point, members of the flock interfered and Mrs. Hines was taken home, while a dash of water was thrown in Mrs. Hughes' face, revealing so that she was able to proceed to her residence.

The next day, Mrs. Hughes was prevailed upon to visit Prosecuting Attorney Leach and have her heavier sister felled for battery. To the prosecutor, Mrs. Hines stated that she had a young daughter that was loved by the young son of Mrs. Hines, and that as it was all in the family, she did not want to prosecute. Then Mrs. Hines was summoned and she declared that she had a son, who she followed around about by the young daughter of Mrs. Hughes.

"When my boy goes down to Tulare county to work out his apprenticeship on his mine, he is followed by this Hughes girl," declared Mrs. Hines. "I told her not to set foot on my son's mine, but she did so. I told her to keep her daughter at home and away from my son. We had a little talk about it after church last Sunday, and maybe I slapped Mrs. Hughes' face."

Prosecuting Attorney Leach did not like to see the two women in the unequal pair continued, so he acted as peacemaker and prevailed upon them to shake hands and let the love of the son and daughter take its course.

SIDEWALKS MUST BE LAID

COUNCIL STREET COMMITTEE WANTS WALKS IN HEART OF OAKLAND.

After the short session of the Council Committee of the Whole last night, there was a meeting of the Street Committee called by Chairman Meese for the purpose of generally discussing the needed improvements and more especially to take up the matter of sidewalks. The members of the committee and several of the other councilmen were present and went into executive session lasting over two hours.

"While we had a general discussion as to the needed improvements of the streets throughout the city, there was no definite action taken except relative to sidewalks," said Chairman Meese this morning. "We decided that sidewalks should be laid in the central portions of the city and no protest against such work will be considered unless it is based upon solid grounds. We believe that the sidewalks will make a vast improvement to the city's appearance and that the work should be commenced right away."

Chairman Meese stated that there was no discussion relative to the improvement of Telegraph avenue during the session.

FLEECE OF GOLD ON STREET CAR

CALOU RELIEVED OF SIXTY DOLLARS BY UNKNOWN DANDIES.

In a Grove-street electric car crowded with passengers, a pickpocket worked yesterday afternoon with the result that Peter Calou of 630 Twenty-ninth street was relieved of a purse containing \$60 in gold coin. Calou boarded a Grove-street car to return to his home, after having gone some shopping down town. In paying his fare to the conductor, he exhibited his purse full of gold. The glitter caught the eyes of some light-fingered artist, who skillfully relieved Calou of the sum.

"I think that the car had about reached Twenty-second street when I thought I felt a hand on my rear pocket, where I keep my money," said Calou to Chief of Police Hodgkins. "I turned around in my seat to investigate and just then a well-dressed young man, sitting behind me, jumped off the car without having signaled the conductor to stop he. He was almost immediately followed by two other young men, who were well-dressed. I put my hand in my pocket and discovered that my purse was gone. By that time, the car had gone so far that I knew it was useless to return and look for the three young men and so I boarded a car going down town to notify the police."

A fairly good description has been given the police by Calou of the three strangers, and detectives have been detailed to be on the watch for them. It is believed that they are but the advance guard of a small army of petty thieves and pickpockets, who will visit the city during the visit of President Roosevelt.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. E. Van Noy of Shreveport, La., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. On taking Dr. King's New Discovery, I then cured me absolutely. It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. It is guaranteed by Osgood, Bros., Druggists, Seventh street and Broadway. Trial bottles free. Regular sizes 50c, \$1.00.

Best Spring Remedy Ever Formulated.
PAINE'S CELERY COMPOUND
Miss E. M. Swan Completely Cured of Terrible Blood Troubles That Doctors Could Not Relieve.

In the month of May it is an absolute necessity that the body should be furnished with a richer and purer supply of blood for the establishment of a health that can successfully cope with the enervating effects of hot summer weather. Poor blood in men produces listless, ambitious, restless, and even morose, and women, who quickly become victims of some organic disease that ends life. Intelligent people recognize the necessity of cleansing and fortifying the system in May by using Paine's Celery Compound, which speedily removes all poisons from the system, and gives to the thin, watery blood a larger proportion of red corpuscles, and arouses all the organs of the body to healthy action. Paine's Celery Compound does a work for victims of impure blood that commands the attention of the most eminent medical men in the world. Miss E. M. Swan, Stamford, Conn., says:

"Before I began taking Paine's Celery Compound my blood was in a very bad state, and I had three large abscesses under my right arm, which completely disabled me from work, or even dressing myself. At last I was compelled to have the abscesses opened, when my system became worse than ever before. I tried everything that I could hear of, and also had several of the best doctors, but they did not cure me. I then commenced the use of Paine's Celery Compound, and before I had finished the second bottle my abscesses had all healed and the eczema was almost gone. I am now on my fourth bottle, and more than happy to say that I have not a pimple or any sign of eczema on my body. I am thankful for the great work that Paine's Celery Compound has done for me."

REMOVING DEAD W. H. MILLS MAKES SUGGESTIONS.

CONSIDERATION OF ORDINANCE DEFERRED BY CITY COUNCIL.

The Council met as a Committee of the Whole last evening, Councilman Howard in the chair.

The matter of the application of Alfred Aythya for franchise to dispose of the dead bodies of animals was taken up by the Councilmen.

Assistant City Attorney O'Brien reported that the proposed ordinance would be unconstitutional.

City Attorney McElroy said Mr. De Golia had submitted a brief to him and he would like to consider it before expressing an opinion on the subject.

Chairman Howard thought it would be well to have the attorneys discuss the matter first, and the subject was accordingly laid over until the next meeting of the Committee of the Whole.

Elliott objected to calling a meeting of the Whole when there was only one subject to be considered.

Mr. Wallace wanted to hear the report of the attorney on the Twenty-third avenue saloon protest.

City Attorney McElroy said that the report was ready but he thought it should be submitted to the License Committee.

Councilman Wallace suggested that a meeting of the License Committee be held.

Councilman Cuvellier feared that it would not be legal to hold such a meeting without twenty-four hours' notice.

Chairman Howard replied that he did not think that it would affect the legality of the meeting at all if all the members were present.

Councilman McAdam, who is chairman of the License Committee, then raised the point that all the members of the License Committee were not present and Cuvellier joined with him in urging this point and so no meeting of the License Committee was held.

DIED WHILE SON PLAYED HIS AIRS.

NEWARK, N. J., May 12.—Carlo Brizzi, who came of a distinguished Italian family of composers and was the author of several successful operas, is dead.

For the last six years he lived in this city.

For half an hour before he passed away his son sat at the bedside and played the dying man's favorite airs. While the violinist was playing a simple folk song, with a gentle harmony and plaintive melody, his father raised his head from the pillow and reached out as if to take the instrument from the hands of the player. Then he sank back again on the bed, dead.

Pneumonia was the cause of death.

Brizzi wrote, among others, the opera "Christophoro Colombo," in which Patti sang when the work was produced for the Chicago exhibition. The prayer at the funeral of King Humbert was composed by Brizzi.

ELECTIVE COURSES IN OLD YALE.
CHICAGO, May 12.—A dispatch to the Record-Herald from New Haven, Conn., says:

"The Yale corporation has made the entire four years of the college course elective by allowing freshmen in the future to pick five courses annually out of a set of eight, dropping any three of the eight they wish. The vote makes it possible for the freshmen to drop Greek, Latin and mathematics if he wishes.

"Greek as a subject for entrance examination was abolished, the change taking effect June 1, 1904. Advanced mathematics and modern languages will be accepted as a substitute for Greek hereafter. The change will make a large difference in the preparatory schools of the country.

"Yale professors will be retired at the age of 65 years, except when specially requested by the corporation to continue in active service, according to a vote passed by the corporation. This rule will take effect three years from date, and will apply to all officers of the university who hold permanent appointments. Several years ago the corporation voted to allow professors to retire voluntarily at 65 years of age.

"Grifford Pinchot, national forester, was appointed professor in the Yale forestry school. Professor William H. Brewer, head of the Yale Department of Agriculture, resigned and was elected professor emeritus."

OAKLAND TRIBUNE

Tribune Publishing Company William E. Dargie, President

SOME COWARDLY CITIZENS

The Sacramento Bee complains of lack of moral courage among the business men of that town. It says they will privately approve of a proposition, but when asked for an expression of opinion to publish as a stimulant to official action they say, "don't quote me, it will injure my business."

Sacramento is not the only place where business men and property-owners lack moral courage. Every community in the State has its quota. On every side one sees the public bullied and abused because so many men shrink from their responsibilities as citizens, and plaintively beg to be let go unaccounted when some ticklish question is raised. How often one hears men say, "I can't afford to say anything." They will neither talk nor act, but will mutter and grumble under their breath. If some man does take up the fight, they will neither hold his coat nor give him encouraging words loud enough for anybody to hear.

It is the weakness of municipal administration that such a large proportion of men will not stand up. They want things done, but things worth doing always provoke opposition, and this they leave somebody else to face. When they are touched by some proposition, they will be vigorous enough in opposing it, but they cannot be depended to the open support of a measure that does not concern them in a purely personal way. As citizens they are as timorous as hares. They may be clean, conscientious men, upright in their business dealings, and thoroughly well-intentioned, but when it comes to taking a stand that will injure their business in even so slight a degree or give them inconvenience or notoriety they abjectly lie down. And without a blush they tell you that they lie down because they lack moral courage.

While we are kicking up a dust about cleaning the streets and looking up the law relative to the authority of the city to compel property owners to cut the grass and weeds in their vacant lots, and falling into more orderly ways municipal generally, it would be well for the Board of Health to require physicians to report all births to the Health office. This ordinance is disobeyed almost as frankly and flagrantly as the bicycle ordinance. Physicians habitually delay making reports of both births and deaths, and in regard to births not infrequently neglect to report them at all. Owing to this lax observance of the law, our vital statistics are faulty and confusing. What is the use of passing an ordinance requiring certain things to be done if the wishes of families and the convenience of physicians are to be placed above it? There is too general a disposition to ignore the law by private understanding. Why punish one person for violating one ordinance while allowing other persons to violate other ordinances with impunity?

The Carter Harrison boom has already reached the embalmed beef stage.

When Tom Johnson heard his boom whistling through the pink whiskers of the Hon. Jim Ham, Lewis, he knew it was time to quit. When pin-point politicians like Lewis get busy with a Presidential boom, it is all off with the victim, as Johnson well knows. So he put up a death notice and crawled into the storm cellar.

ABSURDITY OF RACE PREJUDICE.

The white men who threatened the colored carrier on a rural mail route in Tennessee furnished a fine example of the illogical character of much of the race prejudice prevailing in that section.

If the negro carrier had been delivering milk or groceries or vegetables, his services would have been accepted without question. But as it was letters and papers he delivered—something to read not something to eat—white sensibilities must needs be offended. The negro may take a white man's trunk to the train with perfect propriety, but if he takes the white man's mail to the postoffice he is threatening the supremacy of the superior race.

What ineffable nonsense! All over the South it is a common thing for white people to have their letters sent to the post by negroes, and it is a regular thing for negroes to inquire at the postoffice for mail for white employers or neighbors.

But when the government employs a negro to collect the mail and distribute it, the dogs called and the neighbors summoned to repel an uprising of the blacks. One might have some patience with this race prejudice business if it were not so inconsistent and so absurd, so utterly at variance with the daily habit of the people who manifest it.

The people of Oakland are at a loss which to admire most in President Wheeler of the State University, his pervasive strenuousness or his strenuous pervasiveness. He seems to cut the pigeon wing both ways.

WORKING PIOUS FAKIR.

A Dispatch from Baku, Russia, yesterday detailed the story of a mason being kidnapped, blindfolded and conveyed to some place in the city, where he was compelled to wait up a woman alive. It was further stated the victim was supposed to be a Mohammedan woman who had wronged her husband, and that the police were searching in vain for the house.

It will never be found. The story has all the earmarks of one of the lies so frequently coined and circulated to excite religious and race prejudice. Baku is in Southern Russia where there is still a considerable Mohammedan population. It is a country where Jew baiting flourishes, and the mass of people are ignorant and credulous.

The troubles in Macedonia have stirred the Christian people of Russia and the old religious bigotry is cropping out. In all likelihood this tale telegraphed from Baku is a pious invention set afloat to arouse public sentiment against the followers of the Prophet. It is of a piece with the story that came from Bessarabia a short time ago, to the effect that Jews had murdered a Christian child to make a sacrificial offering.

Fanaticism, intolerance and cruelty are found among Christians as well as in other sects. The Mohammedans are sometimes victims of persecution as they are frequently persecutors. In Southern Europe there seems little to choose in this respect between Christian and Moslem. There is this difference, however, the Turk is a conqueror and an invader.

Oakland doesn't seem to get the hang of President receiving. The next one that comes along we might give satisfaction by shooting him through on a toboggan.

Blowing up a mosque filled with worshippers with dynamite is not a protest against Turkish misgovernment that is likely to excite either the sympathy or admiration of the civilized world. If the Moslems had blown up a Christian congregation in the same way that a mosque was destroyed we should have yards of indignant denunciation of the barbarous Turk. But it happens in this instance that it was Turks who were blown up at prayer, and by a Christian. Which shows that it still makes a difference whose ox is gored.

Another woman has endeavored to establish her standing as "a lady" by assailing a man in the street with a cowhide. When a man is attacked as was the Stockton individual the laugh is on him as the saying goes, but it never improves the reputation or social status of the woman. When a woman goes on the street with a cowhide to vindicate her virtue or avenge her wrongs, she clearly oversteps the privileges of her sex. She assumes that the man she assails will have sufficient respect for womanhood to refrain from treating her as he would a man, although she takes upon herself a man's prerogative. In other words, she abuses the privilege of her sex, and it not infrequently occurs that she is egged on by some cowardly male relative or "protector" who makes her skirts a convenient shelter for his person.

The Stockton woman can rest assured that if she is not a lady, wielding a cowhide will not prove her one. It is calculated to have entirely the opposite effect.

While Russia is assuring the powers of her distinguished consideration and protesting that she has no intention of violating her treaty agreements, news comes from Peking that the Chinese Government has yielded to Russia's demands in Manchuria. The Son of Heaven will close the door to everybody but Russia, but the latter has kept faith all right. What a monstrous humbug this diplomatic farce is. Everybody knows Russia has not kept faith and never intended to keep it. It is plain China has yielded under the pressure of Russian threats. But what are the powers going to do about it? Apparently nothing. If the expressions of satisfaction at the Czar's "explanation" are to be relied on.

The 10,000 Pennsylvanians who have lined up for Cleveland will not look so many alongside the 800,000 Pennsylvanians who are against Cleveland.

Oakland will be treated with contempt and subjected to humiliation so long as she submits to it—takes her kicks with a cheerful thanks, as if they are her due and are received with pleasure.

Sold all over the world.

When Mayor Schmitz' chairman of the Civil Service Commission was caught selling examination questions, the Mayor turned the hue and cry against Commissioner McCarthy, who was promptly vindicated by an investigation. It now transpires that the Mayor's brother is a boon companion of Deputy County Clerk Blakeley, who gave the questions received from Commissioner Mereshon to the fireman Dougherty. This probably accounts for the reluctance exhibited to proceeding against Blakeley. Frank Schmitz, who is a member of the Board of Public Works, was one of the party that endeavored to browbeat Dougherty into denying the testimony he gave at the investigation. For his part the Mayor accepted Mereshon's resignation before the details in regard to selling the questions could be brought out. In other words, the hose has been turned on the fire. It's nice mess.

There is one consolation at least; the President's stay in Oakland will not permit of close study of the numerous holes in Telegraph avenue.

MAN AND MULE.

(At the old mads' convention held in Rochester, N. Y., Miss Cynthia Scott read a paper on "Mere Man." In substance, she said that man is no more of an absolute success than the mule.)

The mule—he is a gentle beast; And so is man. He's satisfied to be the least; And so is man. Like man, he may be taught some tricks; He does his work from 8 to 8; The mule—when he gets mad, he kicks; And so does man.

The mule—has a load to pull; And so has man. He's happiest when he is full; And so has man. Like man, he holds a patient pole; And when his work is done he will rejoice. The mule—he likes to hear his voice; And so does man.

The mule—he has his faults, 'tis true; And so has man. He does some things he should not do; And so does man. Like man, he doesn't yearn for style; But wants contentment all the while. The mule—he has a lovely smile; And so has man.

The mule is sometimes kind and good; And so is man. He eats all kinds of breakfast food; And so does man. Like man, he bakes at gaudy dress; And all outlandish fashions. The mule's accused of mulishness; And so is man.

PARABLE OF THE APPLE BLOSSOMS.

The beautiful things of the May are dying. The clustered lilacs turn pale and sere; The lilacs rusty and limp are lying, And we mourn for May with the rosebuds near.

The beautiful of the May are flying. The pink and white fruit blooms wing the breeze, And, oh! what a beautiful death—in sighing To vanish away from sight like these.

The beautiful things of the May are dying. But lo! there are some that linger late. For the apple blossoms, the winds de-sing. In all their rosy glory wait.

And soon will these beautiful things be flying. Before they are touched with a dark decay. Yet what they leave here will begin supplying Fruit that will last through another May. —Charlotte Fiske Bates.

PLANS OF THE GRAND ARMY.

WILL DECORATE THE GRAVES OF THE DEAD ON MEMORIAL DAY.

EDITOR TRIBUNE:—In view of efforts now being made to mislead the public in regard to the observance of Memorial Day this year, those having charge of the details on behalf of the Grand Army and kindred organizations deem it their duty to present the following statement:

The general Memorial Day committee consists of three members of all Grand Army Posts of this city, Berkeley and Alameda, Spanish War Veterans, Sons of Veterans and all their auxiliaries, and transacts all of the business of the various organizations for this purpose. Memorial Day, being a day set apart for the specific purpose of paying proper respect to our nation's dead, is not a day for military display, or for the carrying of the names and regiments of all the soldiers dead and buried in both cemeteries.

Members of the Grand Army are detailed to address the school children of all our public schools on the Friday preceding Memorial Day with a view of inculcating lessons of patriotism and loyalty to the principles of our National Union. A number of the school children are invited to participate in Memorial Day exercises and are furnished free transportation to and from the cemetery. Memorial Day, being a day set apart for the specific purpose of paying proper respect to our nation's dead, is not a day for military display, or for the carrying of the names and regiments of all the soldiers dead and buried in both cemeteries.

The Memorial Day committee also extends an urgent and courteous invitation for all to join in with them in this patriotic duty.

ROUGH TIME AT DEFEND NEGRO IN
A CIRCUS. THE SOUTH.STUDENT ASSAULTED BY NEGRO
WHO HAD TO FLEE TO ESCAPE
LYNCHING.

CHICAGO, May 12.—A dispatch to the Chronicle from Columbia, Mo., says:

"A negro employee of a circus here was obliged to flee from the tent at the performance last night to escape lynching by a mob of Missouri University students. During the rush for seats the negro struck Stanley Wilson of Toledo, O., a student, a blow on the head with a tent pole, causing a dangerous but not fatal wound. The students, on seeing the blood flow, rushed over the ropes and one of the football team caught the negro with his fist on the point of the chin. The negro rolled under the tent and escaped in the darkness. The students assaulted a number of the employees and they demanded the negro be given up, that they might strike him to the center pole, but he could not be found. The circus was allowed to proceed, but when a negro singer appeared in the concert, the performance was broken up in an uproar of groans and hisses."

RAILROAD MAN LOST IN FOREST.

KALISPELL, Mont., May 12.—The Great Northern Railway has made preparations to renew the search for Superintendent Egan, who was lost while hunting in the forests last fall. Experienced woodmen have been engaged and a camp made near where he was seen last, but the search for Egan's body will be prosecuted systematically as soon as the snow has gone a little more.

CHARGED THAT PREJUDICED
PEOPLE MALIGN HIS
CHARACTER.

NEW YORK, May 12.—At the Methodist preachers' meeting Rev. Charles S. Morris, speaking on "The Black Man's Side of the Negro Problem," declared that the charges of criminal assault against negroes in the South were one phase of a preconcerted and determined assault being made and systematically abetted by Southern men in the North, in the pulpit, in the press and in public addresses, with the avowed purpose to so blacken the good name of the negro as to get the North to turn the whole problem over to the South to solve as the South sees fit.

"Through length of residence, through steadfast service to the country in both peace and war, and through the wisdom he has shown in the use of his vote, the negro has a clear right to the ballot," declared Mr. Morris.

"If the United States does not protect the negro in his right to the ballot, they deserve to be damned," cried a voice in the audience.

"If they do not they will be damned," the speaker replied.

Irving G. Penn of Georgia, assistant secretary of the Colored Epworth League, declared it would not be safe to make such an address down South, nor would it be safe for one living in the South to make such an address if he expected to return to his home.

Mange Which is Now
Almost Plague.

DENVER, May 12.—What will be the most extensive quarantine of cattle in the West for many years will be in effect within a few days as the result of the general prevalence of the mange. Governor Peabody will to-day issue his proclamation. Other States and Territories to the number of six or eight will come under the same rule before the end of the week.

Cattle from the Mexican border to Canada will come under these regulations. Such a sweeping quarantine movement has not prevailed for many years.

Officials of the States and Territories included within these bounds are acting together in the movement to stamp out the disease and protect the herds. Everything possible will be done to win the battle against a sickness that has spread to such an extent that it amounts to almost a plague. Practically all of the territory from the Rocky mountains to the Missouri river will be included in this quarantine.

CITIES TO EXHIBIT
AT ST. LOUIS FAIR.

ST. LOUIS, May 12.—It is likely that a considerable number of American cities will maintain in a municipal pavilion as a part of the "Model City," or install a municipal exhibit as a part of the general exhibition of the Louisiana Purchase Exposition. The Committee on Legislation has begun a movement to induce the municipal law-making bodies to make appropriations for such exhibits. Illustrative of the civic development and progress of the selected number of the largest cities in the United States. These city exhibits will be arranged according to their proper classification in the departments of social economy or liberal arts, or in the case of a city which is a great industrial center, its exhibit may be placed with that department of the exposition to which it is closely related.

VESSELS HEADING
FOR THE NORTH.

PORTLAND, Or., May 12.—Recent additions to the list of vessels en route to Portland have brought the cargo fleet up to thirty-one vessels, the largest amount of cargo tonnage ever headed for Portland. With such a large increase in the amount of cargo tonnage there has been a corresponding decrease in the number of ballast ships headed in this direction. This gives exporters a decided advantage in securing cheap freight.

Pug Sound ports show a similar increase in the amount of cargo, there being thirty-six ships headed for Victoria, Vancouver, Seattle and Tacoma with general cargoes from various parts of the world fleet, together with that of Portland, has a carrying capacity of over 200,000 tons.

If Flock Refuses
to Pay.

CHICAGO, May 12.—A dispatch to the Record-Herald from Kansas City, Mo., says:

The Western Missouri Court of Appeals has decided that a member of a church congregation is not liable in law for the payment of the pastor's salary and that a minister of the gospel must depend upon the good consciences of the members of his flock for his pay and has no legal hold upon them for it.

This decision was made in the suit brought by Rev. J. H. Riffe against the congregation of the First Baptist Church of Monroe City.

Rev. Mr. Riffe was engaged at a salary of \$800 a year, but was not paid that much, so he sued for the balance. The clergyman won his case in the trial court, but the court of appeals reversed that judgment.

BOERS TO TAKE
HOMES IN MEXICO.

NEW YORK, May 12.—General Benjamin Viljoen, former assistant commander-in-chief of the Burger forces in the Boer war and member of the Transvaal Volksraad, and General W. D. Snyman, a Boer commander, have arrived in this city from Mexico after completing arrangements with the Mexican Government by which \$2,000 acres of the best land of that country has been secured for a home for immigrants from South Africa.

General Snyman will await here the arrival of his family and General Viljoen will follow soon. Fully 1,000 families will join the movement to seek freedom on the American continent. The land secured by us is a beautiful fertile strip known as Santa Rosalia, in the State of Chihuahua and near Ortiz station on the Mexican Central Railroad. Already men are at work there sowing corn. The newcomers will be landed at Vera Cruz. We would have liked to bring them to the United States, but the assistance of President Diaz, Enrique Cel and Mr. Limontour, the Minister of Finance.

"I expect," said General Viljoen, "to bring fifty families immediately and others will follow soon. Fully 1,000 families will join the movement to seek freedom on the American continent. The land secured by us is a beautiful fertile strip known as Santa Rosalia, in the State of Chihuahua and near Ortiz station on the Mexican Central Railroad. Already men are at work there sowing corn. The newcomers will be landed at Vera Cruz. SUES LEADER OF VIGILANCE MOB.

FREDERICK, N. J., May 12.—Former State Senator Henry S. Terhune is the defendant in an action begun by Charles Herbert of Matawan for \$25,000 damages sustained, he alleges, at the hands of a vigilance committee led by Mr. Terhune. A series of supposed incendiary fires, of which Herbert was suspected of being the author, occurred in Matawan, two years ago. He testified that on the night of February 24, 1901, Terhune roused him from his bed and took him to a cow shed, where, after being urged to confess, he was twice strung up to the rafters with a pair of plow lines. He also alleged that he was badly beaten.

SMALLPOX ON HEALTH STREET.

HARTFORD, Conn., May 12.—The health authorities have discovered five new cases of smallpox in a family living on Health street. The victims are all children who have been attending school, either at the Parkville public school or St. Anne's Parochial school.

Both these institutions will be closed temporarily and a house-to-house canvass will be made by physicians to make sure that none of the other children attending the schools have caught the disease. Four other cases in the same house are under surveillance, but it is believed they are nothing more serious than chickenpox.

LAUGHED WHILE
HOUSE BURNEDFIT OF HYSTERICS WHICH LAST-
ED FOR SEVERAL
DAYS.

GLASSBORO, N. J., May 12.—For three days Lewis Krechmer, of Monroeville, laughed and laughed. The doctors who attended him said it was hardly possible for him to recover, but Krechmer has finally stopped laughing, and he will get well.

Krechmer was seized with laughing hysterics in the midst of the excitement of the burning of his home, Friday night. Relatives and friends did all they could to stop him, but did not succeed. The sufferer kept on laughing at intervals of a few minutes until he was weak and practically helpless. Many physicians were called in consultation, but their efforts were vain for a long time. Finally, however, the paroxysms became less violent and finally ceased.

ZIG-ZAG ALLEY
AT THE MACDONOUGH

Zeb & Zarrow, two new stars in the theatrical firmament, will be seen at the Macdonough Theater next Wednesday and Thursday evenings in their original pantomime farce-comedy, entitled "Zig Zag Alley," which is claimed by the management to be the greatest laughing show on earth.

"Zig Zag Alley" is said to fairly revel in comic situations, acrobatic feats, droll incidents, multiplying annoyances and unexpected developments that convulse the audience with laughter from the rise to the fall of the curtain. The rapidity with which ludicrous situations follow each other affords little opportunity for any relapse or cessation of mirth—in fact, it resembles a rapid fire gun of large calibre, loaded to the muzzle with fun. The scenic and mechanical effects are all said to be marvels of stage mechanism. A large chorus of pretty girls in original musical numbers is a feature.

CARDUI to the Rescue

I enjoyed the best of health until about two years ago, when I had a severe attack of rheumatism. I paid little attention to it until, in a few weeks, I noticed my back began to ache frequently. I felt sore and lame and headache added to my misery. I also found that my joints were very stiff and extremely painful, with a heavy rush of blood to the head and exhaustive pains through my entire body.

Having little faith in doctors and having heard Wine of Cardui so highly praised by my friends, I decided to take a course of treatment of this. Within a week I was relieved, the headache grew less and less, the pains disappeared, my appetite returned and I enjoyed good sleep. At the next menstrual period the flow was natural and painless and has continued so ever since. I seem like a new woman and gladly endorse your medicine as the one infallible cure for sick women.

612 Lawson Street, St. Paul, Minn., Nov. 7, 1902.

Mrs. George St. John.

President Woman's Protector.

Thousands of women have learned to fear the coming of the menstrual period and dread its possible consequences. We want to tell every suffering, afflicted woman of to-day that she can have relief. Wine of Cardui will cure her as it has cured 1,500,000 suffering women of every kind of trouble. Testimonials received even report the removal of so-called incurable tumors.

Wine of Cardui regulates the menstrual flow, stops flooding, cures bearing-down pains, relieves the inflammation of leucorrhea, prevents miscarriage and robs child-bearing of its pain and danger.

Every druggist sells Wine of Cardui, and you can go and get a \$1.00 bottle to-day and take it with perfect assurance that you will receive benefit from its use.

Don't you think Wine of Cardui is worth your attention after it has done so much for Mrs. St. John?

LAW PREVENTS CHANGING POLICE FORCE.

Present Marshal System Must Remain for Time Being—Town Board Meets.

BERKELEY, May 12.—Berkeley is not, for the present, at least, to have a police force, the order of the town is to be preserved through the present Marshal system. At the meeting of the Board of Trustees last night the special police committee, consisting of Staats and Ferrier, made its report on the reorganization of the force. Staats has been opposed all along to the system of electing a Marshal and has wanted a regular police officer appointed by the Board. It is believed that at next night's meeting a new order of things would be instituted, but such was not the case. The reason for no change being made was explained by Staats as follows: "It seems that there is a State law providing that no policeman stay on duty more than eight hours a day. If then, we should change our system we should have to secure more men at an added expense to the city. We still believe that a police system is what Berkeley needs and we hope some day to see her supplied with one, but we feel that at present the town should be put to no additional expense." This report cleared the way for the Board to confirm the following appointments: Marshal Kerns for deputies: H. S. Howard, W. D. Pickett and W. W. Marshall. The petition of Thomas Johnston, signed by a large number of influential men, was not allowed, as Johnston is not eligible to be Marshal on account of his short residence here.

The Special License Committee was not ready to make a final report, and the Board will meet next Monday to hear it.

The following report of the Street Committee was accepted:

That the following streets be graded, curbed and macadamized: Russell street, between Grant and Calais; Virginia, between Walnut and Oxford; Carlton street, between Telegraph avenue and Leonard tract; Haste street, between Shattuck avenue and Fulton; Deakin street, from Ashby avenue south; Newberry, between Russell and Ashby avenue; Hillside street, between Prospect avenue and Dwight way; Haste street, between Milvia and Louis.

That Hazel street be opened, between Stuart and Garber.

That thirty-day notices be sent to property owners on the following streets to lay six-foot cement sidewalks where not already laid: North side of Blake, between Shattuck and Fulton; both sides of Harmon, between Calais and Adelphi; north side of Dwight way, between Grove and Calais; south side of Parker street, between Fulton and Ellsworth.

That California street be sewerage between Dwight way and Bancroft way.

That Camella street sewer be extended to San Pablo avenue and thence 530 feet south.

That the name of Spring street, lying north of Vine, be changed to Bay View avenue.

That the petition to postpone the grading of Hancock way, from Mary to Spaulding, be denied.

That the petition against the street work on tenth street be allowed, except the sewer in Strawberry creek.

That the petition of the Oakland Faving Company to grade, curb and macadamize Louise street from Rose to Berryman be denied, unless they secure the signatures of all the members.

William Loeb, President Roosevelt's secretary, sent a letter to the Board thanking them for their invitation to the President, and accepting for the latter with thanks, the date being Thursday.

A communication from the Knights of Pythias, asking the Board to endorse their carnival to be held on the northern outskirts of Oakland, was placed on file but no action taken.

The following petitions were referred to the Street Committee:

To grade, macadamize, curb and gutter Haste street, from Mabel to Baker street; same to Haskell, from Mabel to San Pablo avenue; same, regrading, curbing, gutting and macadamizing Haste street, from Milvia to Louise street, with wooden culverts and crosswalks at Haste and Milvia.

To grade and macadamize Deakin street, from Ashby avenue west to Woolsey street, by district plan.

To sewer College avenue, from McGee to south boundary line of town.

To grade, curb, gutter and macadamize Virginia street, from Grove to Sacramento. (Resolution already adopted to grade and curb.)

From M. S. Dewing, to do work on Felton and King streets, by public contract.

The following report of the finance committee was accepted, and warrants ordered drawn for the several amounts:

BERKELEY IS GROWING WITH GREAT RAPIDITY.

BERKELEY, May 12.—During the year there was an increase of 193 school children, between the ages of 5 and 17 years. This increase, which is not as great as that of last year, is shown in the report of the Census Marshal, filed yesterday with the Town Clerk. The report shows the population of Berkeley to be 18,047, of which number 3810 are school children. Last year the population of Berkeley was only 18,801, while the census of 1900 showed the population to be only 13,214. Those figures speak for themselves of the rapid growth of this city.

VERY OLD GRADS JOIN IN BANQUET.

BERKELEY, May 12.—Last night the class of 1879 of the University of California met at a banquet at the California Hotel in San Francisco. The banquet was given with the compliments of the following ladies, who are members of the class: Mrs. William Keith, Mrs. Frederick Slater, Mrs. Mayhew, Miss Bolton, Mrs. Cowell and Miss Whitlow, and Mrs. Scotcher and Mrs. Morrow, wives of the members.

SPRING VALLEY WATER ABOUT TO LAY TWO CAR-LOADS OF SUPPLY PIPES.

PLEASANTON, May 12.—Pleasanton is one of the prettiest places just now to be found anywhere. The streets are clean on every side, the beautiful oaks and trees are one mass of white blossoms. The air is laden with its lovely perfume.

WATER PIPE.

The Devany cottage on First street is being painted and other improvements are being added.

The Spring Valley Water Company has several carloads of large water pipes two inches in diameter on hand. The loads arrived Saturday. The pipe is to be used to convey water from the wells the company has been boring to the main stream.

Earl and Ruth Grellin entertained a number of young friends at the home of their aunt, Mrs. Charles Graham, on St. Mary street, Friday evening. Music and games were greatly enjoyed. At 11 o'clock Mrs. Graham served delicious refreshments.

GRADUATING CLASS ABLE TO SETTLE ALL ITS DEBTS.

Class Day Pilgrimage is Held on University Campus By Graduating Class.

BERKELEY, May 12.—With the bunting of plugs by the late Sophomores and Juniors, who wore the honored headgear for the first time, Class Day was begun early this morning on the University of California campus. The exercises began at 9:30 o'clock, but before the annual plug-banging was held by the collegians, who waited under the oaks for the speech-making. From 9:30 until 10 o'clock an open-air concert was given under the trees.

By the time Bryan Bell, president of the class, rose to make the first address the campus in that vicinity was crowded, the collegians were tired of rough-housing and for a time it was quiet enough for the Senior prex and the Junior prex, Phil Carey, to make their appeals there according to the custom of many years.

The men in duck trousers, the women in duck skirts, the Seniors started on their pilgrimage over the campus to visit the different buildings. One new point of interest was visited this year, one that has never been included in former pilgrimages—the library. Here, Judge Mims, the smallest man that ever made the "Varsity" spoke to the crowd from the boards, where the crowd had often cheered him. From the bleachers the procession took its way to South Hall, where John Brewer made one of the best speeches of the day. At North Hall Will Finley spoke, at Hearst Hall Miss Royce Moore, Library, Grace Barnett and Lucie Wright, Mechanics Building, E. J. Anthony, Mining Building, Dana Putnam, Chemistry Building, Fred Berry. This afternoon the class is holding its extravaganza in Ben Weck Amphitheater.

A meeting will be held next Thursday night in the Craig house of that section. Like the other improvement clubs that have done so much for the advancement of their respective portions of the city, the North Berkeley Club will work as a unit in its former days. The new club will have a beautiful resident center. Among those who have already signed the membership rolls

HAYWARDS YOUNG PEOPLE IN EXPECTATION OF LARGE COUNTY MEETING.

HAYWARDS, May 12.—The local Young People's societies of the Presbyterian and Congregational churches are making elaborate preparations for the County Christian Endeavor convention, which meets here on Saturday, May 23. The morning session is to begin at 10 o'clock and last until 12:30. Then follows a basket picnic in Hayward Park, which is a very beautiful spot at this season of the year. Dinner will be served in the Congregational church at the close of the afternoon meeting. The evening session will be held in the Presbyterian church. Special cars will be run by the Oakland Transit for the benefit of the delegates.

FRIENDS CAME IN UNINVITED.

OLD RESIDENT OF BERKELEY DIES AFTER ABSENCE IN DISTANT ALASKA.

WEST BERKELEY, May 12.—Saturday evening, Robert Cruz was the recipient of a very pleasant surprise party in honor of his twenty-first birthday from some fifty of his young friends. The house was handsomely decorated with oriental lanterns and evergreens.

The early part of the evening was taken up with an impromptu program of instrumental and vocal selections, among which was a piano solo by Miss Bertha Dale, vocal solos by Will Kroninski, a recitation by Miss Eleanor Giemann and songs by Robert Cruz, Miss Jessie Vasey rendered a piano solo and John Pielinski and C. Deering of Oakland delighted those present with several mandolin and guitar selections. Theodore Newirth told some funny stories and Miss Thomson sang one of the popular airs of the day.

About midnight an elaborate supper was served, after which the crowd started dining and it was well towards morning before the party broke up.

Among those who were present were Misses Elizabeth Vasey, Anita Johnson, Agnes Thompson, Irene Giemann, Mae Pielinski, Josephine James, Eleanor Giemann, Mae Dale, L. Preece, T. Bates Bertha Dale, Mayme Blithero, road, A. Luca, C. Kroninski, Miss Wilson, Mrs. Esplira, Mrs. George Gould, Messrs Theodore Newirth, Edward Murphy, W. J. Kroninski, John Pielinski, C. Deering, Ben Lodge, Will Helm, Herbert James, Charles Geddis, Harry Juksch, Peter Unda and Ray O'Brien.

PROSPECTS NEAR SAN LEANDRO DO NOT INDICATE VERY BOUNTIFUL OUTPUT.

SAN LEANDRO, May 12.—As the season advances, the growers in this vicinity are beginning to be of the opinion that the cherry crop will be very light this year, especially the black variety. Peaches and black Tartarans will be quite scarce, while Burr seedlings and Royal Ann will be but fair. However, the latter promise to be of very large size. Black Blagutians are a total failure, some orchards not showing a single cherry. Governor Woods promise to be a very full crop, unless a rain should come before they ripen, which would ruin this delicate fruit.

LOCAL TEAM BEATEN.

The Stockton nine beat the San Leandro Manufacturers 27 to 23 in a very poorly-played game Sunday afternoon at the local Diamond. The home catcher could not hold the pitcher at all.

SERIOUSLY ILL.

Mrs. C. B. Weber, sister of Mrs. F. A. Ester, is reported to be lying very ill in Fabiola Hospital.

STORE CHANGED HANDS.

The liquor store at the corner of San Lorenzo avenue and Ward street, owned by Samuel Kahn, has been purchased by Joseph Herschberg. Yesterday the new owner moved the stock of goods across the street to his store, where he will dispose of them.

PETITION WILL BE FILED SOON WITH COUNTY BOARD OF SUPERVISORS.

FRUITVALE, May 12.—The Fruitvale Improvement Society met at Taylor's Broom Factory last night. V. D. McInnis was admitted to membership. Chairman C. Jeffries reported that the petition committee had seen Supervisor Talcott and the District Attorney in regard to the incorporation petition, which will be presented to the Board of Supervisors on May 25. The petition has already been published twice and will be published again on the 15th. The committee was advanced \$3 to defray the expense of publication.

President C. Jeffries was of the opinion that there ought to be some conferences with the Supervisors, so that the boundaries of the proposed incorporation, which comprise the present sanitary district of Fruitvale, will not be curtailed. The speaker also advised everyone to register at once, so as to be ready to vote in case the Board of Supervisors orders the election to take place in June.

The committee on the establishment of a public reading-room and library reported that they had not yet secured suitable quarters. Mrs. Wetherbee was volunteered to donate a number of books to the library.

There was considerable discussion as to whether the school children should be given a picnic at the close of the school year. Last year, although the children enjoyed their outing, many of the townspeople criticized the affair, so a number of the members thought that the club was under no obligations to work for the picnic this year.

President Jeffries suggested that the constitution of the society ought to be altered, and the name changed from "The Fruitvale Improvement Club" to "The Fruitvale Club." The members could secure quarters and fit them up as club rooms. It was decided to make a matter of special order of business for the next meeting. The members will all be notified of the purpose of the gathering so that a large crowd can be present.

COUPLE BECOME MAN AND WIFE ON THE ANNIVERSARY OF THEIR BIRTH.

ELMHURST, May 12.—N. B. Artlett has announced himself as a candidate for school trustee. He is an old resident of Elmhurst in the employ of the Oakland Transit, and consul commander of Elm Camp, Woodmen of the World. He is quite popular and goes into the light at the wish of his many friends.

This makes three candidates now in the field, H. G. Clayton and R. Thomson being the others. The election promises to be a very hotly-contested affair, as each man is working exceedingly hard for the office, in about an evenly divided field.

D. C. Kennell, whose term expires next month, will not be a candidate for reelection, as he has moved out of the district to San Leandro.

RUNAWAY.

B. Magnusson's delivery horse ran away on Fourteenth street yesterday morning, scattering all fresh coats of mounds all along the highway to San Leandro. There the rig was stopped by a Patrolman on horseback who refused to give payment of \$5. The lad returned to Mr. Magnusson, who sent R. Soule to San Leandro, where he procured the release of the horse for \$2.50.

WEDDING.

Mrs. Mary Delaurier and John Londerman were united in marriage Friday at St. Leandro church, San Leandro. The bride was attended by Mrs. J. T. Chatel, while Mr. Chatel acted as groomsmen. In the evening a reception was given to a number of guests, the occasion being the birthday of the bride and groom, the making a triple celebration. Mr. Londerman was formerly an officer in the government service at Goat Island.

GOLDEN GATE CAMP WILL USE THE PRIZE IT WON BY LOT TONIGHT.

GOLDEN GATE, May 12.—Tonight the local camp of Woodmen will hold their regular meeting at Klukner's hall and it will be a memorable one, because it will witness the arrival of the prize stump which was won in a raffle a short time ago.

About six weeks ago, one of the San Francisco camps put up an historical stump and axe, that is valued at \$300 at the very least, for raffle. Golden Gate lodge held the winning ticket and will be the donor at once. From that time until now the winners have been looking for the arrival of the stump.

Yesterday word was received that the prize would be shipped so as to arrive this afternoon. The stump and axe will be on hand tonight, grace every meeting of the local camp. A large attendance of Woodmen is looked for as they will celebrate the arrival and also will make further plans for the entertainment next month, in which the members are taking much interest.

NEW HOUSE.

W. Sturgeon has let the contract for a modern nine-room cottage on his lot on Fifty-fourth street and work will be commenced at once.

EMERYVILLE, MAY 12.—The large force of men that has been employed on the subway for the past month has been largely reduced as the work nears completion. At the present time the largest part of the force is at work on the power-house laying bricks.

ONE STORY COMPLETED.

The walls of the power-house are now up one story in height and the work of building the second story is going on with a rush. Another fortnight will see it nearly completed. At present, there is a large force building the big brick smoke stack, which is up now almost to the top of the first story and will be an unusually large one.

EXCAVATING.

The workmen who are excavating on the shore end of the subway are moving right along and the wall, which intervened between the concrete flooring and the excavation made under the Southern Pacific tracks by the bucket brigade, is fast disappearing. This bank of earth is where the pile driver stood while operating the buckets.

THE DEPOT.

The depot at the end of the long pier is nearly completed and will be in readiness for use long before the line is in running order.

SIXTEEN YEARS OF CATARRH.

Well Known Massachusetts Woman Cured by Hyomei. How to cure catarrh has been a problem in medicine for many years that was not solved until the discovery of Hyomei. This remarkable treatment makes it possible for any one to breathe an air at every breath which is sweet and pure, and to get rid of the catarrh, the Carolina, or other health resorts where the air is impregnated with healing balsams from health-giving trees and plants. Simply place a little Hyomei in the inhaler which comes with every outfit, breathe it occasionally during the day, and benefit will be seen after its use for only two or three times, while persevering for a few days will effect a complete cure of even the worst case of catarrh. Mrs. Elvira E. A. Gibson, who holds a responsible position in the great dry goods store of Jordan, Marsh & Co., of Boston, wrote in April: "I had catarrh for twenty years and the last ten years (all of which time has been passed in this great establishment) I suffered fearfully. One half dozen handkerchiefs per day would be used. It extended to my throat; the base of my tongue was badly affected. I constantly kept in my mouth cardamon seeds or some such breath purifier. I could not sleep with my mouth closed. I began using Hyomei in December and in two weeks I was entirely cured. After four months and no return of the disease, I can say, permanently-cured. The head of this firm, Mr. Jordan, endorses this statement." Osgood Bros. have sold hundreds of Hyomei outfits, consisting of an inhaler, a medicine dropper and a bottle of Hyomei, and with every purchase have given the purchaser a guarantee to refund the money if Hyomei did not cure. They will still sell the treatment on that plan and every catarrh sufferer ought to take advantage of their fair proposition.

HEAVY BLOW TO HE SAID GOOD BYE FOREVER TO WIFE. THE TEACHERS FUND.

MANY WITHDRAWALS SERIOUSLY CRIPPLE THE PENSION ORGANIZATION. POLICE ARE ASKED TO LOCATE MISSING SIDNEY FLOTO.

Acting under the law passed by the last Legislature about seventy-five members of the Teachers' Annuity and Retirement Fund have filed their withdrawals from that institution. The withdrawals were filed with County Superintendent of Schools T. O. Crawford. The law relating to the matter passed by the last Legislature provided that any members of the annuity fund might withdraw by giving notice to the County Superintendent of Schools within sixty days after the passage of the act, which was on March 12. Today the time for withdrawals expired. It was specified in the act that only those who were contributors to the fund at the time the law went into effect could withdraw the money they had paid in. Provided there was funds in the treasury to pay their claims. If there was not sufficient money to pay in full each was to receive a pro rata dividend. The annuity fund was created by an act of the Legislature in 1885, and amended in 1897, so that teachers who became members should contribute \$12 a year. About 180 teachers became members. Now about seventy-five of that number have filed their withdrawals. The principal objection to the fund was that membership was voluntary and there was no assurance that there would be sufficient new members to pay the pensions provided for those who retired. Neither was it certain that the fund was necessary before they could retire and receive an annuity from the fund. In San Francisco membership to the fund is compulsory. The teachers who failed to keep up their payments to the fund, and whose withdrawals were passed will not be entitled to withdraw what they have paid in. The withdrawals will seriously cripple, if not cause the death of the fund in this county. The Annuity and Retirement Fund Commission, consisting of County Superintendent Crawford, County Treasurer A. W. Felder and Chairman John Mitchell of the Board of Supervisors. It was provided that a secretary should be appointed at a salary of \$50 a month as soon as there was a certain amount of money in the treasury. There is now in the annuity fund approximately \$11,000. In view of the many withdrawals it is noticeable that there has been received one new application for membership.
